# QUIKRETE

## ... Commercial Grade Products

We specialize in carrying the right products for the job, and especially in offering the professional grade products that commercial contractors can depend on for the best overall performance and real value.

Quikrete offers 2 Commercial Grade Products that you'll find at Shamrock that really do make a difference. Try them and you'll see why!

Shamrock Materials is your best source for the entire line of QUIKRETE Commercial Grade Products, available at all 3 Shamrock locations.

Sincerely, **SHAMROCK MATERIALS INC.**

### QUIKRETE® Veneer Stone Mortar, Polymer Modified #1137-85

#### BASIC USES :

QUIKRETE® Veneer Stone Mortar, Polymer Modified (PM) is a contractor-grade polymer modified mortar mix designed for veneer applications and tuck pointing of manufactured and natural stone. QUIKRETE® Veneer Stone Mortar PM can be used as a bond coat, scratch and brown coat and as a mortar joint grout over concrete and masonry surfaces or galvanized, expanded metal lath. QUIKRETE® Veneer Stone Mortar PM can also be manufactured with integral color for mortar joint applications or by adding QUIKRETE® Stucco and Mortar Color (No. 1319), available in 20 standard colors.

#### SIZES

80 lb (36.3 Kg) bags  
3000 lb (1360.8 Kg) Bulk bags.

### QUIKRETE® 5000 High Early Strength Concrete Mix #1007

#### BASIC USES :

For any concrete use requiring high early strength and rapid strength gains. QUIKRETE® 5000 sets quickly, making it ideal for cold weather applications. It has a walk-on time of 10 - 12 hours. QUIKRETE® 5000 can be used for any application requiring concrete in a minimum thickness of 2" (51 mm), such as slabs, footings, steps, columns, walls and patios.

#### SIZES

60 lb (27.2 kg) bags  
80 lb (36.3 kg) bags

QUIKRETE VENEER STONE MORTAR

Polymer Modified Mix for great workability, high tack and positioning strength, and outstanding long-term bond strength ideal for veneer application.

QUIKRETE 5000

Offers high early strength and rapid strength gains. Sets quickly, perfect for cold weather applications. Fine grain structure and setting properties make it ideal for countertops.
