CONTEST
Win \$500 !!

Just submit your photos which show a project built using Shamrock Materials, or photos in which the Shamrock logo, Shamrock equipment or a Shamrock employee appears. Call to request an entry form and contest rules sheet. Contest ends 10/31/2007.

Whatever the weather this winter, be ready for the rains with water management products from Shamrock. We offer a complete, in-stock selection of all the items you'll need to make certain your project can weather the storms that are sure to come.

Whether the task is to keep water out, stop active leaks, control erosion, direct water flow or protect materials, we have the products to do the job right.

Now is the time to plan ahead and install the systems that need to be in place before the rainy season starts. Call us today for all your water management product requirements!
